

Game::init

```
graph LR; A[Game::init] --> B[InputHandler::initialise Joysticks]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'Game::init'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'InputHandler::initialise Joysticks'.
