

MenuPauseState::onEnter

MenuPauseState::update

MenuPauseState::s_pauseToMain

```
graph LR; A[MenuPauseState::onEnter] --> C[MenuPauseState::s_pauseToMain]; B[MenuPauseState::update] --> C;
```

The diagram illustrates a relationship between two functions and a static variable. On the left, two white rectangular boxes with black borders contain the function names 'MenuPauseState::onEnter' and 'MenuPauseState::update'. On the right, a gray rectangular box contains the static variable 'MenuPauseState::s_pauseToMain'. Two blue arrows originate from the right side of the function boxes and point towards the left side of the static variable box, indicating that both functions interact with or modify this static variable.
