

MenuMainState::onExit

MenuOverState::onExit

MenuPauseState::onExit

TextureManager::clearFrom
TextureMap

```
graph LR; A[MenuMainState::onExit] --> D[TextureManager::clearFrom TextureMap]; B[MenuOverState::onExit] --> D; C[MenuPauseState::onExit] --> D;
```

The diagram illustrates a dependency or call relationship. On the left, three white rectangular boxes are stacked vertically, each containing a function name: 'MenuMainState::onExit', 'MenuOverState::onExit', and 'MenuPauseState::onExit'. On the right, a single gray rectangular box contains the text 'TextureManager::clearFrom TextureMap'. Three blue arrows originate from the right side of each white box and point towards the left side of the gray box, indicating that each of the three menu state exit functions calls or depends on the 'TextureManager::clearFrom TextureMap' function.
